

Celebrations - Homework Tasks

Art:

Create a representation of a tree changing through the four seasons. You can do this any way you like - be creative!

History:

Think about events that you have celebrated with your families. Can you research the history of these celebrations? Why do we celebrate them?

Extension: Can you find out when and where these celebrations originate from?

English:

Keep a diary over the Christmas period so you can share your celebrations with your friends.

Extension: Could you add interesting describing words to your writing so we can build a clear picture in our mind?

Geography:

Investigate how Christmas is celebrated around the world. Create a poster including pictures and facts to share your findings.

Maths:

Cut out different 2D shapes to create different Christmas objects. For example, layered triangles to create a Christmas tree. Use your imagination and have fun!

Extension: Can you label your shapes and identify the numbers of sides and corners they have?

PSHE:

Think about your letter to Santa and the things you included on your wish list.

Think about Hassan. What do you think he would like for Christmas?
