

The Garden Classroom

Autumn 1 2018

A New Year

A new year means new children! In September we welcomed six new reception children to our Garden Classroom. We were very excited to welcome our new starters and they have settled into life at Marston Montgomery wonderfully.

Marvellous Me

Our topic for Autumn 1 was Marvellous Me and we learned lots about ourselves, including learning about the human body, our histories and why we are special. Some of the activities we enjoyed doing were writing fact files about ourselves, making gingerbread men and drawing self-portraits!

Fluffy Visitors!

The Garden Class welcomed some very fluffy visitors into their classroom - Mrs Lovett's chicks! We talked about the animals' life cycle and what the chicks eat and how they keep warm. Mummy duck was very protective of her babies. I wonder which visitor we'll have next?

Remembrance Day

To celebrate 100 years since the end of the World War, the children at Marston made clay poppies for a special display in church. We learned about Armistice day and why poppies are used to remember all those who lost their lives in the War.

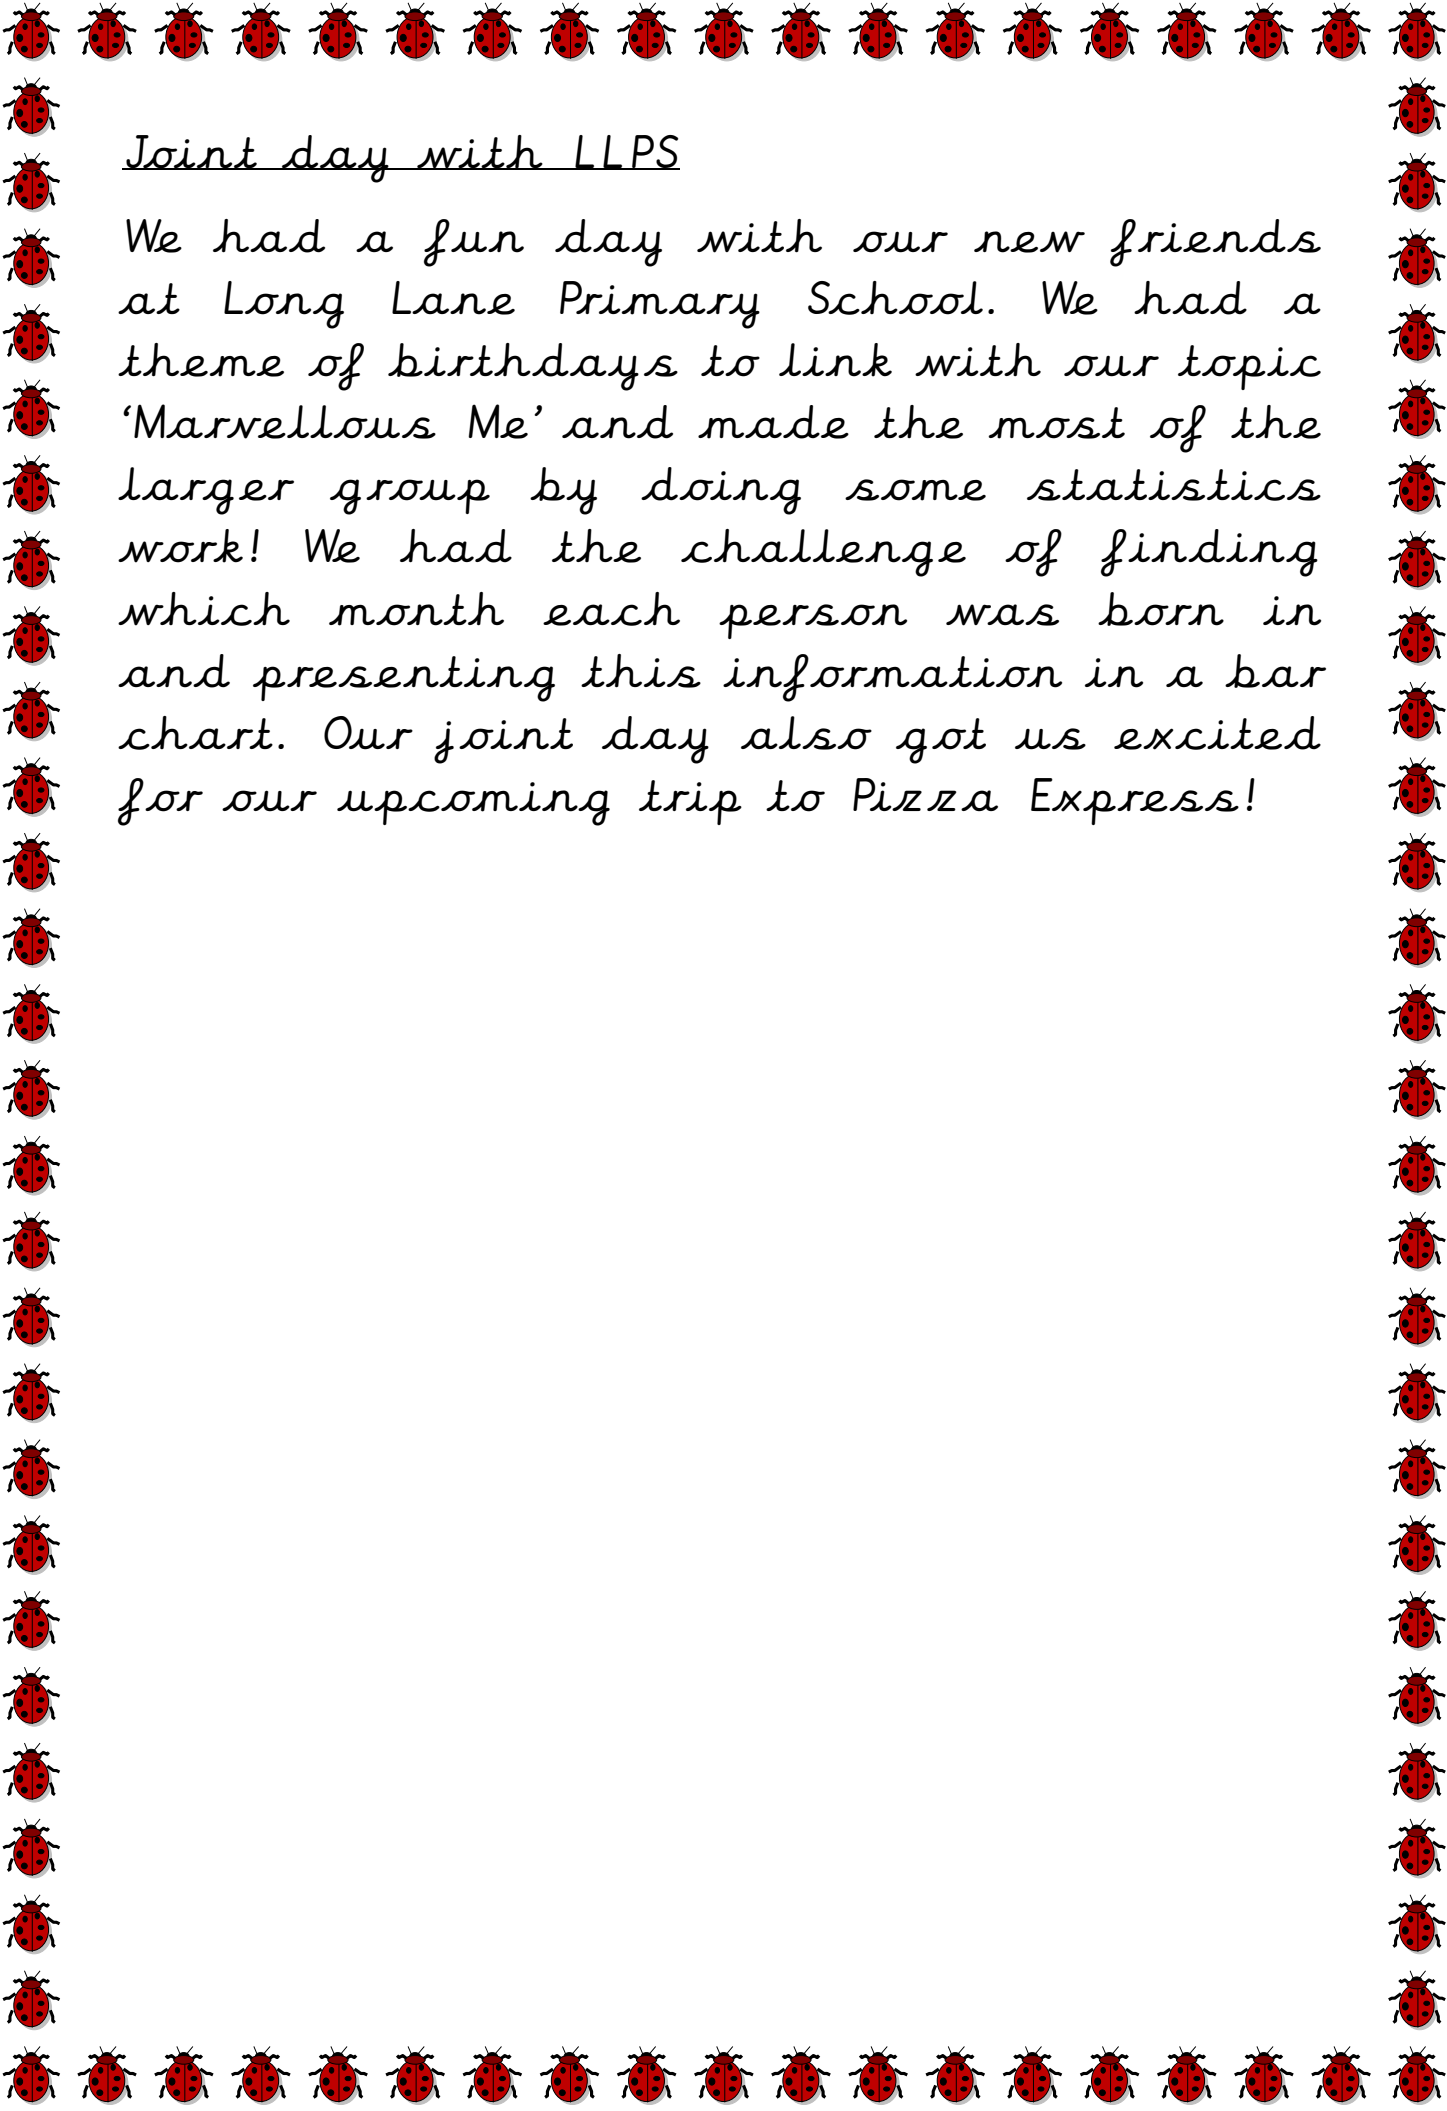

New Construction Area

The children and adults worked as a team to create a new and exciting construction area for the Bluebell room garden!

Joint day with LLPS

We had a fun day with our new friends at Long Lane Primary School. We had a theme of birthdays to link with our topic 'Marvellous Me' and made the most of the larger group by doing some statistics work! We had the challenge of finding which month each person was born in and presenting this information in a bar chart. Our joint day also got us excited for our upcoming trip to Pizza Express!
